

About Maroba

Vibrant and loving community in the heart of Waratah

Established in 1954, Maroba is an independent not for profit organisation governed by a volunteer Board of Directors. We deliver high quality, specialised care, with Registered Nurses on-site 24 hours a day.

The Maroba Standard

At Maroba, our staff deliver exceptional quality care to our residents specialising in dementia and palliative care. We understand the smallest things take up the most room in our hearts and we provide comfort and additional support to families when making hard decisions. Our strengths are focussed around creating a beautiful community where families feel connected and loved.

Our Priority is you

Our vision is to deliver an experience like no other as soon as you arrive. Your health and wellbeing is our priority and we pride ourselves on incorporating our core values into the care of each individual.

'Live, laugh, have fun and stay connected with others'

The Manor

The Manor has single suites and double suites, including accommodation for people living with dementia. This modern air-conditioned two story building has a reception area, 10 outdoor areas (two with gardens), 4 dining rooms, 4 activity/television rooms, gymnasium, beautician, hair salon and library. With a North/East aspect, the rooms and common areas are light filled, with an abundance of fresh air.

The Lodge

The Lodge has single suites with en-suite facilities and most suites have a kitchenette and open up to sunny and leafy private courtyard. This lifestyle is ideal for those who require a little support with daily living, but still want their own space.

About Maroba

Our Services

Residents enjoy fresh, nutritious food prepared on site by our qualified chefs and provide our residents with an exceptional dining experience.

Maroba's Social and Engagement team are focussed on the wellbeing of our residents. Their programs are tailored around lifestyle experiences, creating confidence and keeping our residents active mentally and physically.

Maroba believes in quality education and in 2018 purchased a Registered Training Organisation, Smart Training & Consulting Group to deliver professional training for our staff and the sector.

Residents can access a full range of services including:

- 24/7 personal care from qualified nursing staff
- 24/7 registered nurse on duty
- Nutritional meals
- Gymnasium
- Library and Internet
- Resident and community events (daily)
- Accommodation options – single and double rooms
- Cleaning and laundry services
- Wellness Programs
- Beauty and hairdressing
- Relaxation and spa treatments
- Pain management programs
- Respite care
- Specialised dementia care
- Chaplaincy, pastoral care and spiritual care
- Allied health e.g physio

Love every minute in your new home and enjoy being part our friendly Maroba Community!
