

14<sup>th</sup> October 2022

Greetings, Family and Friends,

**Its official, Maroba is now in outbreak** with 1 new positive case in Waratah Suburb overnight. Unfortunately, this requires us to limit movement of residents and confine them to the Waratah suburb per Public Health guidance, whilst both positive residents are isolated within their rooms. Our resident in the Lodge is no longer required to isolate as per negative PCR test result, which is great news.

All residents in the Manor have been PCR tested today as we determine a baseline of infection across the 4 suburbs. A PCR testing regime for the affected suburb will be ongoing every 3 days and the twice weekly surveillance Rapid Antigen Testing regime will continue for all other areas. The designated primary contact will be notified by a Reg Nurse of a positive result as soon as we become aware, so no need to ring. There are no new Staff Covid cases this week.

Sadly, despite the Governments messaging and changes to Covid protocols, Covid is still circulating in our communities and people are still experiencing severe disease and death. It is critical that we all play our parts even though we have de-escalated some of our protocols.

Resident activities will be modified to ensure minimal risk to residents whilst still accommodating their enjoyment of the programs on offer.

The follow Visiting arrangements will continue for Maroba so please familiarise yourself with these requirements. Please assess your own risk when deciding to visit Maroba as Covid is putting everyone at risk as we can never assume we are Covid free. **These arrangements may change on very short notice if cases escalate.**

- Visiting will be from 10 am to 4 pm weekdays and weekends.
- No Appointment necessary during these times and a resident may receive more than 1 visit a day.
- **RAT testing continues before entry to the facility and photo evidence of negative result is essential proof.** Do Not carry your RAT with you unless in a sealed bag.
- Wear a surgical mask throughout each visit – No eating or drinking inside the facility. Protective eye wear / Face Shield provides an additional protection but is not essential so will no longer be provided.
- Check in and out using our Coolguard system in reception.
- Only 2 people may visit in a resident's room, however if more than 2, outside visiting is the only option. Do not utilise any inside communal area or the coffee machine.
- 1 child (of any age) may attend an in room visit with 1 adult. Keep in mind the children's playground is open for when you are visiting outdoors. All children must

remain under your supervision and care throughout your visit and if using the playground.

- Co-operate with all directions from staff whilst you are visiting Maroba as it is for everyone's wellbeing and safety
- Family members who are nominated Partners in Care for their loved one or those supporting a palliating resident continue their caring and support roles throughout the facility as advised and in conjunction with the above visiting requirements.
- Covid positive residents may have a visitor for a limited time each day to reduce the risk of cross infection to the visitor. Full PPE will be required.
- Please complete excursion forms online for all medical appointments and outings 48 hrs before the event. When out and about be sure to activate Covid Safe Protocols.

**Be assured that spot checks of RAT evidence will take place and if you fail to provide that evidence you will be asked to leave the building immediately. It has come to our attention that some visitors are ignoring this requirement putting all our residents at risk. We have opened up visiting based on TRUST and mutual respect, believing that friends and families will want to co-operate with our efforts. I do not want to go backwards in our protection strategies so please make sure you pass on this update to anyone who is likely to visit!**

If you have concerns with our approach, please call us to discuss or if you prefer contact:

Older Persons Advocacy Network (OPAN) on 1800 700 600  
The Aged Care Quality and Safety Commission on 1800 951 822  
Senior Rights Service 1800 424 079

If you require additional information, please call reception 49350300 during office hours or email [enquiries@maroba.com.au](mailto:enquiries@maroba.com.au).

**URGENT:** Don't Forget to review your loved one's **vaccination status** and sign the necessary Covid vaccination consent form as we still have a long way to go to get everyone their 4<sup>th</sup> Vaccine. I am very confident that the combination of Vaccinations and Anti-viral treatments have been a game changer for Maroba residents in reducing the severity of the disease. However, with 80% of residents with 4 vaccines we still have a gap to close. Please make it a priority to act on this opportunity as we are planning another Vaccination Clinic in October.

On behalf of the Maroba Team I look forward to seeing you soon!

Yours sincerely,

Viv Allanson - CEO
